RE: (New) Policy for grades of Incomplete

In accordance with the Theology Faculty Minutes of April 6, 1982 a new policy on Incompletes will be implemented Fall quarter, 1982. The policy is as follows:

If, at the end of a quarter, students have unfinished coursework which they intend to complete, they must request that a grade of Incomplete be granted. To do this, a "Request for Incomplete" form must be submitted to the professor of the course(s) by the last day of the tenth week of the quarter. These forms may be obtained at the Academic Advising Office.

If the professor grants the request, a grade of Incomplete (I) will be given. The completed coursework will then be due to the professor by 5PM of the last day of the tenth week of the subsequent quarter. In the event that the student does not complete work by the due date, the grade of Incomplete will become permanent.

Unless a "Request for Incomplete" is granted, a professor will submit to the Registrar grades which are based on the materials submitted by the stated course deadlines and judged by the announced course standards. The grades submitted will include any penalties assessed and will become the recorded grade for the course.

There is a two-quarter time limit for Psychology students to complete a Hold grade in Psychology courses. Thereafter, the grade will revert to an Incomplete grade.

Students enrolled in School of World Mission courses are subject to School of World Mission deadlines.

For further information, please see your academic advisor.
